Bitte geben Sie eine gültige Postleitzahl ein. Bitte geben Sie eine Nummer ein, die kleiner oder gleich 7 ist. Er besitzt eine optische Auflösung von 2400 dpi und kann per SCSI und USB angeschlossen werden.

Der Scanner ist sehr schnell und braucht für einen Übersichtsscan eines DIN A4 Blattes knapp 4s. Der entgeltliche Scan ist von der Auflösung, Skalierung etc. Der Vorteil dieses Scanners liegt in der Bedienung über die an der Front angebrachten Bedientasten. Email Hier kann ein Foto oder ein Dokument direkt an eine Email-Software gesendet werden. Fax Hier kann eine Vorlage an ein Multifunktionsgerät mit Faxfunktion gesendet werden. Datei Scannen einer Vorlage direkt in eine PDF-Datei. Der wirklich einfachste und schnellste Weg zur Erstellung einer PDF. Kein zusätzliches Programm erforderlich. HP ScanSoftware Ansteuerung der HP Precision Scan Software mit vielen Einstellmöglichkeiten. Editierbarer Text Scant eine Vorlage und sendet sie mittels einer eingebauten OCR-Software z.B. direkt an WORD. Die eingebaute OCR-Software ist schnell und gut und durchaus mit kauflichen Software-Lösungen vergleichbar. Nützliches Zubehör. XPA Kleine Leuchte mit der sich Durchsichtsvorlagen abscannen lassen. Hierzu ist UNBEDINGT eine Schablone notwendig, mit der sich der XPA an einer genau festgelegten Position fixieren lässt. Diese Schablone

wird bei EbayAuktionen jedoch meist nicht mitgeliefert und kann bei Einzelkauf ein vielfaches des eigentlichen XPA kosten. Die Schablone besitzt zudem ein Kalibrierfenster mit einem getonten Glas, d.h. ein einfaches Nachbauen der Schablone ist nicht so einfach möglich. Wer es probieren will, findet die Mae in einschlagigen Foren im Netz, als Filter ist ein unbelichtetes SchhwarzweiNegativ etwa 6 Bilder lang zu empfehlen. Kleinere Farbabweichungen sind damit aber nicht zu vermeiden, können aber mittels BildbearbeitungsSoftware behoben werden. In das freie Vorlagenfeld der Schablone können DurchsichtVorlagen mit einer Maximalgroe von bis zu 12,5 x 12,5 cm gescannt werden. Einsatze fur Einzeldia, 4 Dias oder 2 Negativstreifen gibt es zwar sind aber seltener als die Schablone selbst.

ADF Der automatische Vorlageneinzug vor allem dann empfehlenswert, wenn eine groe Anzahl von DIN A4 Blättern gescannt werden soll. Er fasst etwa 50 Blätter und zieht diese automatisch und recht präzise ein. Auf diese Weise lassen sich leicht umfangreiche PDFDokumente oder OCRScans erstellen, ohne dauernd von Hand Blätter wechseln zu müssen. Der ADF ist im Vergleich zum eigentlichen Scanner relativ teuer und kann durchaus den dreifachen Preis des eigentlichen Scanners erreichen. Einzigstes Manko des Scanners Bei einigen Computern kann man nicht mit hohen Auflösungen 600dpi scannen, das HP Programm zeigt dann an, das nicht genügend Arbeitsspeicher zur Verfügung steht, obwohl Speicher und Auslagerungsdatei großzügig bemessen sind. FirmwareUpdate, neueste Scansoftware etc. Wie gesagt tritt dies aber nicht bei allen Computern auf ! Man merkt, das Gerät ist schon etwas älter, was der Sache jedoch keinen Abbruch tut. Angenehm ist auch der Dokumentenscanner, mehrere Seiten rein und den Rest macht er allein. Wer also keinen Wert auf Extras der Upper Klasse legt, kaufen! Jedoch ist er leider nicht leise, als Tischgerät ist er auf keinen Fall zu empfehlen, am besten weit weg vom Arbeitsplatz. Der Einzug zieht nicht super sauber gerade ein, aber ist noch im Rahmen des möglichen. PreisLeistung sind ganz ok. Alle Rechte vorbehalten.
